

Waste and Recycling Collection Contract

Reference Number	PC383
Title of agreement	Contract for a Waste and Recycling Collection Service for South Staffordshire Council
Local Authority department responsible	Waste Management
Description of the goods and/or services being provided	<p>The service consists of an alternate weekly collection of domestic waste one week with garden waste and dry recyclables the following week, and the subsequent transfer to an authorised waste facility. Domestic waste is collected from all 45,500 properties in the district primarily by means of a 240 litre wheeled bin whilst a small percentage remain on a sack collection. Larger containers are in place at communal properties. An assisted collection service must also be provided where necessary. The service includes provision of a weekly household clinical waste collection and, upon request, the collection of bulky household waste from resident's homes. A number of ancillary services, including the delivery and retrieval of waste and recycling containers, are also required as part of the contract</p>
